

DUAL LICENCE (UK/EASA)
PRO-PILOT AIRLINE PROGRAMME
2025

THE JOURNEY BEGINS

"Once you have tasted flight, you will forever walk the earth with your eyes turned skyward. For there you have been and there you will always long to return"

Leonardo da Vinci

The Ever Increasing Demand

The demand for air travel has continued to rise dramatically over the last twenty years. So much so, 4.5 billion passengers now travel by air each year. As the airline industry continues to expand we see amazing opportunities for aspiring aviators.

At the 2FLY Aero Group we have been training airline pilots for over twenty years, both sides of the Atlantic. For licence training in the UK and Europe, we offer the Dual Licence Pro-Pilot Airline Programme. It is the latest version of a course which has seen hundreds of students graduate and go on to fly for leading airlines throughout Europe and the rest of the world.

2FLY Ethos

With our headquarters in Florida USA, we have an average of around 250 students going through training at any one time. The majority of these are undergoing programmes for FAA commercial licenses but due to the great aviation-friendly weather, we send our Pro-Pilot European students to Florida to learn to fly. They complete all their foundation training within a fantastic multi-cultural atmosphere. The icing on the Florida cake is the hour-building module, conducted alongside a real airline, our own Buzz Airlines.

For advanced training, Pro-Pilot students train with 2FLY affiliate schools in the UK or Europe who not only have the same customer focused approach to training as we do but who know exactly what the airline recruiters are looking for. They have their hands on the industry's pulse. It is for this reason that of all Pro-Pilot students completing their final jet training module with our chosen partners, 100% have been offered airline interviews as a result.

My experience with 2FLY was brilliant; the instructors were incredibly knowledgeable and supportive, providing me with the confidence to excel in every aspect of flight training, from ground school to my checkrides.

I'm now proud to be pursuing my dream career as a pilot thanks to the excellent foundation they provided.

Matt Hollingsworth, 2FLY graduate and First Officer, Ryanair.

DUAL LICENCE

MAXIMISING OPPORTUNITIES

Why a Dual Licence?

The UK leaving the European Union (EU) created some challenges within flight crew licensing. When part of the EU, a UK CAA issued licence was recognised by the EU but since Brexit, it is not. The UK CAA and EASA are now completely separate entities. To fly European registered aircraft and work for one of the hundreds of European airlines, you require both a visa to work in Europe and an EASA licence. The alternative is to obtain a UK CAA licence which restricts you to just those airlines registered in the UK (such as British Airways, Ryanair, Jet2 and Easyjet).

Whether the UK CAA and EASA eventually bridge their differences and cooperate more closely is not clear. In the meantime, we recommend students put themselves in the best possible position to maximise their recruitment opportunities. Accordingly, 2FLY's flagship programme is the Dual Licence Pro-Pilot Airline Programme where you obtain both UK CAA and EASA 'frozen' ATPL Licenses with the aim of maximising your job opportunities.

Three Phases

The training for your licences will involve completing **foundation training** at our fair-weather base in the USA, followed by **advanced training** in all weathers in the UK, culminating in **jet training** in the Republic of Ireland:

Training Partners

2FLY Group have partnered with other like-minded training providers in the UK and Europe to offer you the highest quality training throughout every aspect of the programme.

Programme structure

START

FINISH

Graduate with a DUAL UK CAA/EASA ATPL with APS MCC & AUPRT. AIRLINE READY.

Why choose this programme?

There are many advantages to choosing Pro-Pilot. Here is a selection:

- › Proven success rate over the last twenty years
- › 96% of 2FLY graduates from 2023 and 2024 are now first officers for leading airlines
- › Excellent weather at our fair weather training centre ensures minimal training delays
- › Airline Orientation Module allows hour building alongside a real airline - totally unique to 2FLY Pro-Pilot
- › 18 months accommodation is included in the course fees
- › Flying up to eight aircraft types which is invaluable experience
- › Complete the industry leading combined APS MCC and AUPRT course favoured by major airlines
- › The 2FLY Skills Assessment protects your investment
- › For peace of mind, 2FLY offers a 100% money back guarantee
- › Training loans are available - secured or unsecured. Just ask your training adviser

Training centres

Foundation Training Florida, USA

Learn to fly in some of the busiest airspace in the USA. With over 100 destinations in Florida alone, you will gain valuable experience operating in and out of some of the largest airports in the world.

Florida's fantastic weather enables cadets to fly every day with minimum delays ensuring you complete your training on time and within budget. We pride ourselves on the great atmosphere at our training centre where you will meet other students from diverse nationalities and cultures.

Advanced Training Exeter, UK

2FLY's affiliate school in the UK is based at Exeter airport and like 2FLY Pro-Pilot, it has been operating for over twenty years.

It is an independent, family-run school who give all their students personal one-on-one attention. 2FLY is proud to have Aviation South West as their training partner. UK Licences & Ratings gained in Exeter are issued by the UK CAA.

Jet Training UK/EUROPE

Airline Linked

Jet training will be delivered by our training partners in the UK or elsewhere in Europe. We send you to complete your programme at the training centre which gives you the best opportunities to network with airline recruiters.

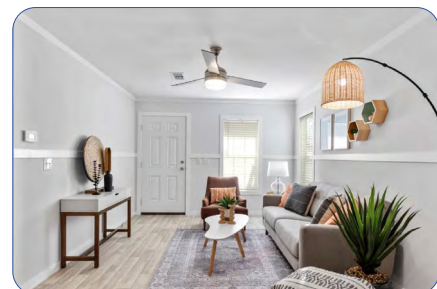

The combined APS MCC & Advanced UPRT Course will make you airline ready to join any UK or European airline as a first officer.

Accommodation

18 months shared housing is included in the 2FLY Pro-Pilot Airline Programme. Our housing in the USA is particularly attractive and includes a clubhouse, swimming pool, tennis, jacuzzi and a Gym.

Graduate Services and Mentorship

Your Success is Our Mission

At 2FLY Pro Pilot, we pride ourselves on not just training pilots but launching successful airline careers. Our comprehensive Graduate Services are designed to prepare you for every step of the recruitment process, ensuring you're not just ready to apply, but ready to excel in your first aviation opportunity.

Personalised Mentorship

Led by 2FLY Training Advisor Jonathan Western, an experienced EASA, UK, and FAA licensed pilot and NetJets First Officer, our mentorship program provides tailored 1 to 1 support to guide you through the challenges of pilot training and career progression.

Airline Interview Preparation

Gain a deep, insider understanding of the airline interview process. From personal and technical interviews to simulator assessments, our team offers key insights into the questions posed by HR and technical departments. This ensures you approach every stage of the selection process with confidence and precision.

Soft Skills Training

Build the communication, teamwork, and leadership skills airlines value most. Our program includes workshops and hands-on practice to help you shine in the interview process.

Simulator Assessment Coaching

Receive specialised training on simulator scenarios commonly used in airline recruitment, with feedback to fine-tune your performance and technical knowledge.

CV Writing and Career Guidance

Our recruitment specialists will work with you to craft a standout CV, showcasing your skills and achievements in a way that captures the attention of recruiters.

Exclusive One to One Prep Sessions

Book personal sessions with Jonathan Western to address your specific concerns. From technical expertise to career strategy, these sessions are tailored to help you succeed.

At 2FLY Pro Pilot, our mission is not just to train you as a pilot but to ensure you're fully prepared to start a long, successful career in aviation.

Jonathan has been supporting me in my flight training journey and beyond. I met him last year and he stayed in contact with me to discuss different ways of facilitating my training needs. I've received great advice from him along the way and believe he's a very helpful, inspiring and kind individual.

Baljeet Sethi, 2FLY graduate and First Officer, Ryanair.

Jonathan has always gone above and beyond to support me as a student at 2FLY during my flight training and following completion.

He has always answered my questions and concerns excellently using his industry knowledge.

Jack Williams, 2FLY graduate and First Officer, Ryanair.

Your training advisers

Sheldon England

Sheldon England trained as a commercial pilot in the United States before gaining extensive flying experience as a Certified Flight Instructor (CFI) in Tennessee, a cargo pilot in Florida and later flying Traffic Watch operations in Los Angeles, California. Throughout his career he has logged more than 1,000 commercial flight hours across various roles.

With 15 years' experience advising aspiring pilots, Sheldon specialises in professional pilot training pathways, particularly FAA, EASA and UK CAA licences. Based at 2FLY's UK office in Nottingham, he provides expert guidance to UK and European candidates pursuing careers in commercial aviation.

Originally from the UK, Sheldon lives in Nottingham with his American wife, Elizabeth.

Jonathan Western

Jonathan Western is an accomplished aviator, holding EASA, UK and FAA pilot licences with 4000+ hours in the airline and private sectors.

With over 10 years of experience and currently flying as a Professional Pilot for NetJets, he is passionate about mentoring the next generation of professional pilots.

A graduate of 2FLY's training program, Jonathan leverages his personal journey and extensive knowledge to guide aspiring pilots for 2FLY.

His role includes overseeing training programs, providing expert career advice, and offering personalized one to one mentorship to help students develop the technical expertise and soft skills required to excel in the airline industry.

2FLY Aero Group

2FLY Aero Group is a collection of aviation companies operating around the world with headquarters in Merritt Island, Florida. The organisation provides a variety of aviation-related services, including; fixed-base operator (FBO) services, charter airline operations, cabin crew training, career colleges & universities, aviation recruitment, and ab initio career pilot training.

The 2FLY Aero Group prides itself on having a fleet of more than 75 aircraft and an experienced management team, all of whom have aviation backgrounds and a combined experience of more than 45,000 flight hours.

The 2FLY Aero Group's emphasis is ab initio training with a portfolio of programmes that cater for aspiring pilots seeking to achieve licences issued either by the American Federal Aviation Administration (FAA), or pan-European licences issued by the European Aviation Safety Agency (EASA).

Each year, the 2FLY Aero Group delivers more than 400 flight tests making it one of the largest independent providers of career pilot training. With well-established flight academies on both sides of the Atlantic, 2FLY Group is able to cater for changes in industry demands while maintaining a progressive approach by identifying and producing high quality graduates for airlines worldwide. The Group manages recruitment and cadet assessment offices on four continents to cater for this worldwide demand for excellent pilots.

A few of our graduates

Connor MacCormack, Ryanair

Maxwell Siddle, Ryanair

Baljeet Sithi, Ryanair

Vladislav Covalschi, Flyone

Valentas Jonkaitis, Wizz Air

Lennox Ottway, Ryanair

Matt Hollingsworth, Ryanair

Greg Blundell, BA

Struan Hayes, Ryanair

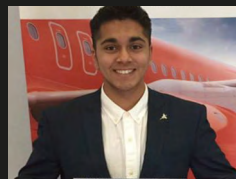

Noushafd Mir, Ryanair

Jack Williams, Ryanair

Tammy Hesketh, Ryanair

Aadil Tadvi, 247 Aviation

Rishi Sharma, BA

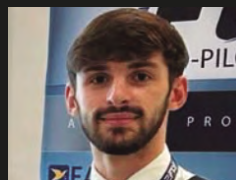

Callum Costelloe, Ryanair

Sebastian Goggard, Ryanair

William Howard, Ryanair

Daniel Dean, Ryanair

Mohammad Tahir, Ryanair

Mohamed Basheer, Smartlynx

Mario Lennox, Ryanair

Andrew Foreman, Ryanair

Kim Amon, Ryanair

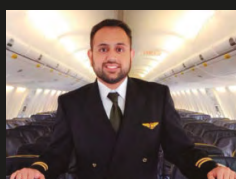

Ben Crane, Ryanair

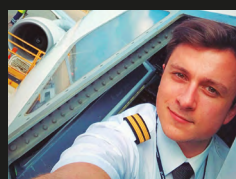

Andrew Nibblett, Ryanair

Duo Zang, Jet2

Shahrulkh Shamim, Emirates

Jonathan Western, Netjets

Jessica Sardo, Norwegian

Stefano Siddonio, BA
